

Spaceship Institute

Institute was established by [Keshe Foundation](#) in northern Italy near Desenzano del Garda in year 2014 for spreading its knowledge and technology to public and for their further development.

Knowledge seekers should know [plasma theory](#) and practically in a lab also [plasma technology](#) and should [share the gained experiences openly](#) with people in their language.

Teachings of Mr. Keshe was planned for at least two years. Yearly teaching fee was set to 20 000 €, quaterly 5 000 €.

Initial members

In February 2014 the following people were choosen, called *knowledge seekers*, to attend institute teachings and share knowledge with public:

Workshops from Spaceship institute

- ¹⁾ she concentrates on a help to children stricken by nuclear disaster in Fukushima
- ²⁾ due to prejudiced false accusations by Mr. Keshe pointing at John to be the one who poisoned him in October 2014 and due to that all Belgian knowledge seekers were forbidden to enter SSI from that time on
- ³⁾ among others due to he could not afford financially to pay another 5 000 € for the next three months of a stay in institute
- ⁴⁾ to return back to his family
- ⁵⁾ prejudiced false accusations by Mr. Keshe pointing at John to be the one who poisoned him in October 2014 was the reason that all Belgian knowledge seekers were forbidden to enter SSI from that time on
